SADC Technical Regulations and Committee Workshop of
25 to 26 August 2010
Exco Feedback
21 March 2011

Standing agenda items and communication

- Establish a standing agenda embracing common issues at national level, including

- report-back re national TRLCs co-ordination

- report-back from ExCo

- report-back on AGM Resolutions

- Ensure two-way communication between ExCo and TRLC (before and after each ExCo meeting)

National TRLC co-ordination

- There is a need for support of national TRLCs by SADC

- This is a national responsibility

- SADC Secretariat may sponsor experts to attend provided funding is available

SADC TRLC Guidelines

- Develop guidelines for:
- the identification of needs for harmonized Technical Regulations
- proposals for SADC TRLC harmonized Technical Regulations
- determining priorities for the harmonization of Technical Regulations in SADC
- consultation, Impact Assessment and Risk Assessment.

Others

- Alignment between the SADC TRLC work and other SQAM structures
- TRLC to understand SADCSTAN processes

Others

- Brochures, Newsletters, Banners, Letterheads
- Dedicated (part of SADC) web site

- Thank you
